

Biblical Priorities: Patterns for Success

The Purpose of this Study: Priorities are important. They are probably the most powerful influences in our lives. Our priorities largely determine our daily goals, which in turn determine our character, which in turn determine our future.

By accepting and implementing wrong priorities we set a course for ourselves which will be, in some way, self-destructive. (Mark 8:35,36)

By accepting and implementing Biblical priorities we are assured of success. (Joshua 1:7,8; II Peter 1:5-12)

In these lessons we will seek to understand some of the Biblical priorities and what it means to practice these - so that God may be glorified in our lives.

This class may present to you the key for which you have been seeking.

The Recommendation: Spend at least one-half hour a day studying the Scripture and the lesson. Pray for illumination about character defects, sins of omission and commission, and giving ground to Satan. Be honest! Accept the truth and obey God. Be willing to acknowledge and forsake false priorities. Trust God to turn the searchlight of His Word upon your heart and life. Ask Him to rescue you and to enable you to live with spiritual fulfillment so you may glorify Him.
